

CHINDEN BOULEVARD WIDENING

Cloverdale Road to Hewlett-Packard Main Entrance

This project will....

- widen Chinden Boulevard from three lanes to five with a center turn lane, providing four lanes of travel from Eagle Road through Garden City.
- add bicycle lanes to both sides of the roadway.
- add curb, gutter and sidewalks to the south side of Chinden.
- include a 1/2-mile frontage road to homes on the north side of Chinden between Joplin and the HP Main Entrance.

An artist's rendering of the frontage road and bicycle lane on the north side of Chinden.

During construction....

- the center turn lane on Chinden will be eliminated and traffic will be restricted to one lane in each direction.
- periodic nighttime lane closures can be expected between 8 p.m. and 5 a.m.; flaggers will guide motorists through the work zone.
- access to businesses and residences will be maintained.
